## **Resource Description**

#### Exposure: M

weather or climate related pathway by which climate change affects health

**Unspecified Exposure** 

#### Geographic Feature: M

resource focuses on specific type of geography

None or Unspecified

#### Geographic Location:

resource focuses on specific location

Global or Unspecified

#### Health Impact: M

specification of health effect or disease related to climate change exposure

General Health Impact

#### 

mitigation or adaptation strategy is a focus of resource

Adaptation, Mitigation

### Resource Type: M

format or standard characteristic of resource

Multimedia

#### Timescale: M

time period studied

Time Scale Unspecified
